## Scheduling Timeline

Six to twelve months before you travel: **Schedule your delegation**

The Grassroots Sistering Accompaniment (Delegation) Coordinator will ask all sistering groups about sending a delegation for the upcoming year and their delegation's. Contact the Grassroots Delegations Coordinator in the El Salvador Office at [delegations@share-elsalvador.org](mailto:delegations@share-elsalvador.org) Also, notify the El Salvador office if you have a preferred guesthouse and/or driver. If you already have an idea about what you would like to focus on, notify us of that too. This allows SHARE to balance the requests of various sistering groups for given dates. Popular dates for many delegations are in March and during the summer months, so it is particularly important to get requests in for these dates early.

**IMPORTANT NOTE:** One recommendation, taking into account past experiences, is to avoid planning a tour to El Salvador when they are in holidays, for example, Holy Week and August Festivities. The main reason is that most of the historical places we visit are closed and it is impossible to comply with the itinerary, in addition, traffic makes things difficult when visiting communities. Nevertheless, if you already have a tour planned during a holiday, we will give all our efforts to fulfill the itinerary at its best.

Also at six to twelve months

Begin meeting regularly with key members to begin the process of forming the delegation.

- **Develop a timeline** for recruitment, fundraising, itinerary planning, and orientation
- Outline the **type and size of** delegation that you want to create
- Begin to make **information** and delegation **applications** available
- **Set an application deadline** (*at least* prior to departure)
- Design a **process for review and acceptance** for delegates
- Make a **plan** for pre-delegation **orientation**.
- Begin **planning pre-trip activities** within your parish, school, and/or community
- Ensure that potential travelers have **passports valid** until six months after projected return to the USA. **MAKE SURE THAT NON-US CITIZENS CHECK INTO VISA REQUIREMENTS FOR TRAVEL TO EL SALVADOR!**

months before you plan to leave: Send an email to the Delegations Coordinator, at the SHARE El Salvador office outlining:

- **Overall theme and objectives**

Let us know what type of **focus** you would like. The overall theme or objective does not need to be too specific yet. (i.e. women, food sovereignty, education, environmental, faith perspectives on justice today, US government policy toward El Salvador etc.) Also, see the basic itinerary guidelines attached below for a general idea.

- Your confirmed **dates**
- **Type of assistance** requested from SHARE

Almost all groups request "full set-up" which includes coordination, translation, transportation, lodging, and food arrangements and itinerary set-up.

- Full set-up includes a \$440.00 administrative fee per person for a 10-day delegation.
- For delegations lasting longer than 10 days OR with 7 or fewer people, the administration fee is \$489.50 per person.
- There is an additional cost of \$200.00 a day group fee for coordination and facilitation (translation).

These fees are to be paid to the SHARE Berkeley office at least a month before the trip. Transportation, lodging, and food expenses are paid in cash on the ground in El Salvador. (See below for more specific costs, fees, and budget information.) If you think you do not need full set-up please let the Delegations Coordinator know at [delegations@share-elsalvador.org](mailto:delegations@share-elsalvador.org)

At the four to five month mark:

- Create the schedule of **meetings with delegation participants** for orientations, retreats, fundraising events, and/or getting-acquainted opportunities. For new delegates, an early orientation will help calm fears, promote dialogue, and provide key tools for packing, immunization, and mental preparation. (See below for ideas about pre-trip meetings!)
- Start looking into **airfares**, travel routes, etc. and keep your ear to the ground for good deals

Three to four months prior to travel:

Send to the El Salvador office:

- Refined **objectives**: what you would like to learn, what you and your sisters hope to share, as well as what your vision is for utilizing the trip to build your sistering relationship and accompaniment in the US.
- Specific thoughts about **what you want to do** on the ground in ES
- How many **nights** you want to do **community homestays**
- We encourage US committees to invite 2-4 guests from their sister region or sister community to join delegation for 2-3 days of non-community activities. This not only increases time spent with representatives from communities but also creates more opportunities for sharing of information and perspectives. Delegation guests should follow the same criteria as tour guests; they should be chosen by the region or community and be at least 50% women. This implies a moderate increase of cost for guest food, lodging, and transport. Let us know at this time if you are interested in having **community guests** with you in San Salvador.
- What else you **want to see** in El Salvador (excursions you might want to take, people that you especially want to meet, etc.). We will alert you to any special events or happenings that will be taking place during your delegation.

Do not be afraid to ask us for ideas and we will also offer suggestions!

Be sure to look over the basic itinerary guidelines attached below.

Three months before you arrive:

- Meet with your committee and fellow travelers to **finalize your itinerary requests** and send to SHARE ES office.
- **Finalize delegate list** and begin orientation for delegates. Delegates should get started on background reading (See below and the pre-delegate packet for resources).
- **All delegates** must complete an **online application**
- Send scanned copies **liability waivers** by email to the Berkeley office at [info@share-elsalvador.org](mailto:info@share-elsalvador.org). All travelers on SHARE delegations **MUST** sign waivers before departure.
- If your group chooses to, **register with the US Embassy** online via.
- Once the administration fee are received, you **will receive a draft itinerary** based on your requests for your review and modification. **FEEL FREE TO SUGGEST CHANGES!** The purpose of the draft itinerary is to give everyone a chance to try the trip on for size and tweak it so that the plans fit your group. Once the itinerary is agreed upon, on-the-ground

arrangements will be made in ES (meetings, activities, visits, etc.)

- **Finalize travel arrangements** and purchase tickets (if you have not already done so).

One to three months before departure:

- **Hold orientations**, events, etc. to build momentum for the trip and ensure that delegates are prepared.
- Also, **send your administration, and facilitation and coordination (translation) fees** as a group to the Berkeley Office. All other expenses will be paid directly to providers in El Salvador.
- Talk with about what **reflections** you are planning (or would like help with). These should connect to daily activities.

During the weeks immediately before the trip:

- Confirm travel plans with the airlines.
- Assure that all group members review information in the resource guide.
- Rest. Know that you will be extraordinarily well taken care of!

## Important SHARE Policies to note

1. SHARE does not **allow alcohol consumption** for students or high school delegations. We have decided this is a liability for SHARE and it should not be the responsibility of the coordinators to monitor appropriate alcohol intake. It is also a sensitive issue here in El Salvador, and we want to be as respectful of cultural practices as possible.
2. SHARE **does not allow groups to swim, wade, or enter large bodies of water** (swimming pools, lakes, rivers, eco-parks) unless there are at least TWO lifeguards present for every 5 delegates, and members of the host communities or region are present and familiar with the particular body of water. The ocean is completely off-limits due to past incidents.
3. Since 2020, the COVID 19 pandemic has changed our way of life and the way we relate to others, in the face of the waves of COVID 19 infections it has been necessary to implement biosecurity measures to avoid contagion by a coronavirus and continue with our activities of accompaniment and solidarity with the communities. Please, check [SHAREs biosecurity guidelines](#) to prevent COVID 19 during your visit to El Salvador.
